

## **New Mercedes-AMG G63 Exclusively Fitted with Original Equipment Tires from General Tire**

- **Exclusive, worldwide OE approval for the Grabber HTS60 20-inch model**
- **Summer tire provides optimal driving performance both on and off the road**

Hanover, Germany, June 27, 2024. General Tire is to equip the new Mercedes-AMG G63, the sports version of the Mercedes-Benz G-Class, with original equipment tires. This ultra-high-performance SUV from the AMG tuner forge will be exclusively fitted with 20-inch General Tire Grabber HTS60 summer tires from the factory. The tire is designed to ensure maximum safety, both on and off the road.

### **Grabber HTS60 – optimal safety features both on and off the road**

The Grabber HTS60 is a durable summer tire that has been specially designed for SUVs. It offers excellent mileage even on rough off-road terrain and boasts a smooth driving experience in all road conditions—wet and dry. The innovative tread pattern gives the tire excellent handling properties. The vehicle is easy to control even on wet surfaces. Thanks to the robust rubber compound, the tread also offers outstanding performance off-road. Insulated padding under the tread keeps bumps in the road away from the vehicle. This reduces unwanted rolling noise. The durable tread pattern compound reduces wear, resulting in high mileage and a long tire service life.

**This tire line has been approved for the Mercedes-AMG G63 in the following size and in numerous countries:**

General Tire Grabber HTS60 MO1A, 275/50 R 20 113H XL

### General Tire

Since it was founded in Fort Mill (South Carolina) in 1915, General Tire boasts a company history spanning more than 100 years. In 1987, the company was taken over by Continental. Today, General Tire sells tires for cars, trucks, and industrial vehicles worldwide, as well as specially designed tires for 4x4 vehicles. **Continental** develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, traffic, and transportation. In 2023, Continental generated sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

Tire solutions from the **Tires group sector** make mobility safer, smarter, and more sustainable. Its premium portfolio encompasses car, truck, bus, two-wheel, and specialty tires as well as smart solutions and services for fleets and tire retailers. Continental delivers top performance for more than 150 years and is one of the world's largest tire manufacturers. In fiscal 2023, the Tires group sector generated sales of 14 billion euros. Continental's tire division employs more than 56,000 people worldwide and has 20 production and 16 development sites.
